Professional Summary

Results-driven **Laravel / Full Stack Developer** with 1+ year of experience delivering scalable web applications, RESTful APIs, and automated backend systems. Skilled in Laravel, PHP, JavaScript, React, MySQL, and API integrations. Proven ability to optimize performance, improve UI/UX responsiveness, and collaborate with cross-functional teams to deliver clean, efficient, and production-ready solutions.

Skills

Backend & Frameworks: Laravel, PHP, Node.js, Django, Flask
Frontend: React, JavaScript (ES6+), jQuery, Bootstrap, HTML/CSS
Databases: MySQL, MongoDB, SQLite
Cloud & DevOps: AWS (S3), DigitalOcean Spaces, PythonAnywhere
Tools: Git, GitHub, Postman, VS Code, Figma, Trello
Soft Skills: Problem Solving, Communication, Team Collaboration

Experience

Full Stack Developer *Bangalore, India* *Nov 2024 – Present*
Mosh E-com Services Pvt. Ltd

- Developed and enhanced **B2CShip**, a real-time shipment tracking system integrating multiple courier APIs, improving tracking accuracy and response time.
- Built scalable backend architecture using **Laravel, MySQL, MongoDB** and optimized queries for faster API response.
- Implemented automated reporting, cron jobs, and data export features, reducing manual workload by **40%**.
- Created Node.js automation scripts to streamline backend processes and data cleanup.
- Integrated and managed file storage through **DigitalOcean Bucket API**, improving upload reliability.

Cliqshop – Multi-vendor E-commerce Platform (Bagisto)

- Customized Bagisto modules, built new marketplace features, and optimized existing modules to improve performance.
- Enhanced frontend responsiveness and page load speed, resulting in better user experience.
- Resolved critical bugs and worked with design/QA teams to ensure high-quality releases.

Full Stack Developer (Intern) *Bangalore, India* *May 2024 – Oct 2024*
IBM

- Built a complete **E-learning website** using Django and SQLite with secure authentication and dynamic content rendering.
- Integrated an AI-powered chatbot for automated student queries.
- Deployed the web platform on **PythonAnywhere** and optimized backend for smooth performance.
- Collaborated with product and design teams to deliver a clean, user-friendly final solution.

Projects

Portfolio Website *React, JavaScript, CSS*
Built a responsive personal portfolio showcasing projects, skills, and contact features. Deployed using GitHub Pages.
Task Manager App *Laravel, MySQL, Bootstrap*
Developed a CRUD-based task management system with authentication, roles, and user dashboards.

Education

Chandigarh University, Chandigarh *Jul 2023 – Jul 2025*
Master of Computer Applications
Bundelkhand University, Jhansi *Jul 2017 – Aug 2020*
Bachelor of Science
NSTI, Bangalore *Sep 2022 – Nov 2024*
Advanced Diploma in IT, Networking and Cloud Computing
